To receive HD images or CAD 2D/3D please contact us.

Options:

Upholstered seat pad, fabric, leather or customers own material. Full upholstery or Removable, fixed with 3M duallock tape.

Felt glides in standard – NEW Quick-click system from Wagner, easy changeable. Plastic glides available on request.

Important to note:

! When a chair is veneered, there will always be visible plywood edges- more contrast on darker veneers (wenge, walnut), less contrast on lighter veneers (birch, oak).

! When a chair is stained, it is always stained all through, including the edges. Same with new pigmented lacquer.
