

# SPLIT SCREENS

— By Actiu —

## SPLIT

The SPLIT divider allows you to **reconfigure a space in a matter of seconds**, creating streamlined areas that adapt to the needs of each task.

The SPLIT divider can **adapt to contract and hospitality settings** that require private and separate areas within an open space.

## ACTIU

[www.actiu.com](http://www.actiu.com)

*Design goes beyond aesthetics: innovation, space and furniture go hand in hand to create environments that are friendlier, more comfortable and more motivating for people: environments that are more dynamic, fresh, creative, ergonomic and functional.*

*A business philosophy in which design is part of our DNA, as we apply it to every facet of the company: products, architecture, projects, brand, communication, work spaces ...*

**Materials:** Maximum use of materials to eliminate and minimize scraps. Use of recyclable and recycled materials in those components that do not affect the functionality and durability.

**Production:** Maximum optimization of energy use. Minimal environmental impact. Last generation technological systems. Zero discharge of wastewater. No VOC coatings. Processes free of heavy metals, phosphates, OC and COD.

**Transport:** Detachable systems. Volumes that facilitate the optimization of space. Maximum reduction of energy consumption by transport.

**Use:** Quality and warranty. Long lasting. Replacements available.

**Disposal:** Waste reduction. Supplier-manufacturer packaging reuse system. Components are easy to be separated. Inks in packaging are water-based, without solvents.

## Standards

**Move** has passed the tests carried out in our laboratory and the tests performed at the Instituto Tecnológico del Mueble (AIDIMME) corresponding to the standards:

Regulations	Description
UNE-EN 1023-2:2001	Office furniture. Screens. Part 2: Mechanical safety requirements.
UNE-EN 1023-3:2001	Office furniture. Screens. Part 3: Test methods.
UNE-EN 527-2:2017 + A1:2019	Office furniture. Work tables. <b>Part 2:</b> Requirements for safety, strength and durability.

## Certificates

The different programmes get points in different environmental categories to get the LEED certificate or WELL certificate (sustainability, material and resources, water, energy and atmosphere, inner environment quality, innovation and design).
